

We as EIKO

At EIKO Inc , we specialize in manufacturing high-quality household and packaging solutions for global markets. From aluminium foil products to trash bags, our focus is simple: deliver consistent quality at scale, backed by dependable execution.

We believe good products should be simple, efficient, and dependable. Our focus is on delivering practical solutions that meet global standards while keeping sustainability and customer needs at the core of everything we do. From sourcing to manufacturing to delivery, we ensure quality without compromise.

Aluminium Foil Rolls

Designed for wrapping, cooking, baking, grilling, and food storage, our aluminium foil provides excellent barrier protection against moisture, light, and odors.

High-quality, durable foil for everyday use

Excellent heat conductivity for even cooking

Locks in freshness, moisture, and flavor

Perfect for takeaway, packing, and food protection
